- The 12 Steps of Alcoholics Anonymous and Narcotics Anonymous are integrated into the program
- Counseling staff utilizes Cognitive-Behavioral and Motivational Enhancement interventions throughout the patient's course of treatment
- Addiction Psychiatrist serves as the Medical Director and provides staff consultation

RECOVERY SUPPORT SERVICES

We recognize that treatment is only the beginning of the healing process. We work hard on helping the patient to create continuing care plans that reflect their discharge needs and we are here to provide support even after the program is completed.

- Recovery Support Group: A volunteer facilitates a free group every Wednesday evening 5 to 6 p.m.
- The Recovery Specialist, a trained Recovery Coach, supports each group by meeting with each facilitator monthly to discuss the motivation of group members, group dynamics and resources available to individuals in recovery
- Sober activities organized by our LIFE Club alumni group and designed to put the fun in recovery

Licensed by Minnesota Department of Human Services and accredited by The Joint Commission.

Most health insurance plans and consolidated funding are accepted.
